

The coat of Ahijah the prophet

Print this picture of the prophet Ahijah's coat. Cut out the picture and tear it into 12 pieces. Then write the names of the 12 tribes of Israel on each of these pieces. You might need to look up Genesis 35:23-26 to get the names of all of these tribes. Which tribes went to Jeroboam and which one went to Rehoboam? What was special about the tribe of Levi?
